Fact Book, 2016-2017 Introduction

We are pleased to present the 2016-17 Fact Book. This document continues to serve as a source of *official* data about all facets of the college—admissions, enrollment, finances, faculty, etc. When you need statistical and other kinds of factual information about RIC to report to an external agency, to support college/departmental/unit planning, or simply to fulfill your curiosity, we ask that you consult the Fact Book first.

As comprehensive and detailed as the Fact Book is, we know it will not answer every question you may have about the college. Accordingly, we are able to provide additional information on an ad hoc basis, as time and resources allow. In addition, we are always open to suggestions on how we can make the Fact Book more reflective of the data needs of the Rhode Island College community. We see this as an evolving document.

Finally, we would like to thank the offices and individuals that help us to prepare the Fact Book each year by providing us with information, verifying the accuracy of the data that appear in the document, and making suggestions for improvement. We would like to acknowledge the contributions of the following and their staff:
